Dear Mayor James and Council Members,

We are writing to clarify our letter of November 5, 2013. The purpose of that letter was to express our support for further study of the Country Club Right-of-Way (CCROW) for use as a streetcar line and support for public education as to the options under consideration. The letter was not intended to express support for or against such a streetcar line. If a streetcar line using the CCROW is presented to the voters, this Board may determine it appropriate to take a position. However, in doing so, this Board would be representing and speaking on behalf of Armour Hills Homes Association, and our viewpoint would not necessarily represent the viewpoints of all Armour Hills residents, which is a diverse group of citizens with varied viewpoints. In the meantime, we have encouraged all residents to contact their City Council Members to share their views.

Sincerely,

Board of Directors of Armour Hills Homes Association
