Committee Report
October 2017
Security Ad Hoc Committee

Recommendation

The Ad-hoc Committee recommends adding regular security patrol to the existing services provided to residents of Armour Hills.

The preferred vendor for the security service is Brent Parson's off-duty KCPD officer patrol unit. The desired frequency of patrols is (4) four-hour shifts per week at a cost of \$33,280 per year.

Further, the Committee recommends funding the service by including a voluntary assessment of approximately \$40-\$50 in addition to the existing mandatory dues assessment.
